

OPERATORS AND MINERS HOPEFUL OF SETTLEMENT

Negotiations of New Wage Scale Starts Today.

GOVERNMENT WILL HELP

WASHINGTON, Nov. 13.—Coal miners and operators from the nation's bituminous fields will enter into negotiations tomorrow for a new wage agreement with the question of the time of termination of the Washington agreement of 1918 apparently as a chief stumbling block. Both sides are hopeful of a settlement. The conference was held at the Washington hotel, where the operators pressed the belief that the question of when the Washington agreement terminated could be posed of thru mutual agreement along with the demands of the miners for sixty per cent increase in pay and shorter hours. Announcement by the executive committee of the operators of the national competitive field in a formal statement tonight that the Washington agreement is one of the matters "to be determined by the conference" was taken generally to mean that the operators do not intend to stand pat on their intention that present contracts remain in effect during the "duration of the war" or until March 1920. In case a settlement is made with the miners on that and other points. The statement disclosed that a message from T. T. Brewster, president of the coal operators' association in the central competitive field was an attempt to entrap the miners into a tacit acknowledgment of the binding force of the contracts and pointed at the text of the agreement as almost identical with that of a call for the Buffalo conference. It was said by those in the touch with the situation that the operators were going into the conference tomorrow in a conciliatory spirit, and would not insist on the interpretation that the war is not over, although their stand has been supported by the pronouncement of the administration and the mandate of Federal Judge Anderson at Indianapolis.

Miners arriving today for the delay attached significance to an announcement by Secretary Wilson that the department of labor accepted his invitation to be present at the conference. An explanation of the role Dr. Arfield is to play was given other than the statement that as it is thru his influence that the Washington agreement was negotiated, his presence was logically to be expected. The conference will begin at 2:30 o'clock instead of 11 o'clock as the department of labor announced tonight, owing to the fact that John L. Lewis, acting president of the United Mine Workers of America and other participants will not arrive until after noon. On account of the storm in northwestern states a number of mine officials and operators are not expected to arrive before Saturday.

The first question to come before the conference will be whether the proceedings shall be open. Secretary Wilson said to the press he would recommend that newspaper representatives be admitted to the conference hall, a keeping with his recent announcement that operators as well as miners attempting to restrict the output of coal would be prosecuted. Attorney General Palmer today sought further information about companies at Birmingham, Ala., which the miners claim have discharged and turned back men who were returning to work in compliance with the court order of Judge Anderson.

The attorney general's request for information was sent after he received a telegram from George Fargrove, international representative of the mine workers at Birmingham who declared that the company was not permitting the men to dig the coal the country requires. Mr. Palmer replying said he would "take prompt action against any operator who adopts such methods to restrict production." Department of Justice officials were inclined tonight to view the reported action of Illinois miners in driving carmen away from lines near Duquoin as a violation of the order of Judge Anderson to the union leaders. The plan was that intimidation by the miners amounted to a conspiracy and, therefore, it followed, the court's mandate had been disobeyed.

S. OPERATION OF WIRES EXPENSIVE

WASHINGTON, Nov. 13.—Varnum operation of the telephone, telegraph and cable systems of the federal government \$14,418,237, according to a report of Postmaster General Arleson transmitted to Congress today by President Wilson. This represents the difference between the net earnings and the compensation guaranteed by the government.

AMERICAN PROHIBITION WORKER IN LONDON SEVERELY BEATEN

Dragged from Platform He Was Going to Speak from by Students.

LONDON, Nov. 13.—William E. Johnson, an American prohibition worker and anti-Saloon League organizer, familiarly known here as "pussyfoot," was dragged from a platform from which he was speaking today, severely beaten and paraded thru two miles of crowded west end streets on a plank. His assailants for the most part were medical students, and against them at times he put up a strenuous fight, receiving a badly damaged eye and other injuries. Finally, owing to his weakened physical condition he was obliged to submit to the indignity.

Eventually Johnson was rescued by the police, who, during the early part of the march simply kept the crowd moving. He was rushed to Bow street station where his injuries were dressed and he was then able to go home. The occasion of the attack was a meeting at Essex Hall, at which a debate had been arranged under the auspices of the overseas club and patriotic league between Mr. Johnson and R. Mitchell Banks, a lawyer, on "the how and the why of American prohibition."

The chairman of the meeting was P. A. McKenzie. He, too, was seized by the crowd, but was soon released. The meeting had no sooner opened than there was an uproar, due to the activities of a few young men who engaged in heckling.

Outside the building, there were potent signs of pending trouble. Great crowd of students had gathered and after Mr. Johnson began to speak, hundreds of the students, who evidently were organized, brushed aside the police, charged down the aisle and seized Johnson and McKenzie. These two they pelted with bags of flour. They hoisted them into a wagon and proceeded to King's College near by. The rioters then discarded McKenzie and mounted Johnson on a plank. This a stalwart group placed on their shoulders and marched thru the strand, convent garden and Leicester square. Piccadilly Circus and Oxford Circus to Portland street where the police intervened and effected a rescue. As the procession passed thru the streets, with banners adorned with black cats, pictures of beer steins and other decorations there were frequent cries of "we've got pussyfoot!" but Londoners, accustomed to students' marches, did not really believe that it was Johnson and McKenzie. The march did not cause as much excitement as might be expected.

Some of the prohibition campaigners, mostly Americans, declared to The Associated Press that they did not believe the police had made a sincere effort to break up the crowds, and contended that they could have rescued Mr. Johnson much sooner if they had so desired.

CHICAGO SALOONS READY TO OPEN

CHICAGO, Nov. 13.—So certain were Chicago saloon keepers today that Federal Judges Carpenter and FitzHenry would decide against the war time prohibition and enforcement acts that they were arranging for delivery of liquor stocks. Among the liquor men it was hoped that bars would be alight and liquor selling as of old by Saturday night. District Attorney Cline issued a warning that should the liquor interests be successful in the suit, profiteering in whiskey would be prevented. Saloon operators were busy engaged today in polishing bars and mirrors. Decisions in Kentucky and Rhode Island, favorable to the liquor interests apparently had convinced the saloon keepers that the prohibition acts were void. They expected a similar action in the local district court where injunction suits filed in Peoria and Chicago were being argued. Filing of briefs by attorneys for the day completed the decision and the court announced a decision would be given on or before Saturday.

MINE OFFICIALS ON WAY TO CAPITAL

INDIANAPOLIS, Ind., Nov. 13.—All officials of the United Mine Workers of America tonight were either in Washington or enroute to that city for conference of miners' representatives and operators which begins tomorrow afternoon. John L. Lewis, acting president, the last to leave international headquarters, issued a brief statement late this afternoon declaring that the miners were not defeated but have merely acquiesced in the mandate of the court and "expect a demonstration of good faith on the part of the government during the negotiations in Washington."

The situation in the Indiana fields today remained unchanged and no mines were operated.

MANY FRENCH GIRLS MARRYING CHINESE

Paris, Nov. 13.—The increasing number of marriages between French girls and Chinese laborers in France has resulted in the minister of the interior warning French women that most of the coolies already have wives in China, where, upon arrival with their husbands they would be regarded merely as secondary wives.

MEXICO IS BUYING VAST STORES OF MUNITIONS ABROAD

Preparing for Possible American Intervention.

U. S. TO PREVENT SHIPMENT

WASHINGTON, Nov. 13.—(By The Associated Press.)—Large orders for arms and ammunition placed by Mexico in Belgium and Spain, in preparation for the possible American intervention came to light today when the state department let it become known that the government had taken steps to prevent their shipment.

The charge d'affaires of the United States embassy in Brussels has protested under instructions, that shipment of the munitions would be in violation of the International Arms convention. As Spain is not a party to the agreement which was designed to aid in keeping the peace of the world during the after-war transition period, no such direct action is probable at Madrid.

The order in Belgium was placed with the Fabrique Nationale d'Armes at Liege, probably under the direction of Candido Aguilar, Mexican minister of foreign affairs and President Carranza's son-in-law. The odds in Spain which included rifles, millions of rounds of ammunition and a large number of machine guns were negotiated thru the Mexican minister there, Eleseo Arredondo, former ambassador to the United States and President Carranza's nephew.

The Spanish munitions, according to information in the hands of the government began passing into Mexico more than a year ago in violation of the interallied embargo. Rifles and ammunition and some sample machine guns are reported to have passed Havana on their way to Mexico as late as June of this year. For later shipments cargo space had been reserved for October 19, on Holland-American line steamers sailing out of Antwerp, and further space had been reserved for Tampico, Vera Cruz and Puerto Mexico, on December 3.

The United States has been denying shipments of arms and ammunition into Mexico for many months for the reason that they generally fell into the hands of bandits and often were used against Americans. Soon after the ending of the war the Mexican government asked for the release of munitions bought in this country in 1917, but it was refused.

Such information as has now come into the hands of the government shows that European manufacturers and has since placed enormous orders.

It appears from the government's information, that while the peace conference was in session in Paris and General Mondragon, a prominent Mexican was there advising his government of its probable course toward Mexican affairs and particularly the attitude of the United States, the Spanish munitions makers with whom large orders had been placed were being urged to speed up the delivery of powder and cartridges and particularly of the machine guns which were reported to be a new type described as perfect and unimprovable.

General Mondragon it appears reported from his conferences in Paris that Mexico need not fear intervention by the United States but information received at the same time disclosed that the orders for munitions steadily were going forward. The government's information also discloses that the Mexican officials were attempting to estimate the attitude of Peru, Chile, Argentina and other South American countries if the United States should decide on intervention that phase of the incident, however, is not regarded by officials here as threatening. The orders and shipments of munitions are the subject of continuing attention at present. It is known that as late as July tests were being made in Mexico, the munitions were reported as giving perfect results and the Spanish manufacturers were being urged to fill orders to the limit of their capacity. At one time it appears the Mexican government was attempting to make up its estimates of the possibilities of production in Spain by inquiries thru the Spanish war office.

In that connection recent Mexican activities in Spain are receiving attention and considerable matter characterized as Mexican propaganda is being observed in the Spanish press. Meanwhile, the activities of a German mission in Mexico are being observed. Attempts by the Mexican government to confiscation of mines and oil wells, with an announced view to their nationalization, are being closely examined in connection with Germany's need for those products.

OFFICERS ARREST HUNDREDS OF I. W. W. IN WESTERN STATES

Officials Declare Country Will Be Cleaned of Radicals.

SEATTLE, Wash., Nov. 13.—(By The Associated Press.)—Raids were conducted in Washington and Oregon cities today by state and federal officers on industrial workers of the world headquarters and many arrests were made on alleged members of the organization. Governor L. F. Hart, announced he would inaugurate a statewide campaign to wipe out the I. W. W., Bolsheviki and other radicals and called upon all state officers to cooperate with federal and county officers to work to that end.

Federal officers raided the office of the Seattle Union Record, seized the entire plant and arrested several employees. The raids were the outgrowth of the killing of four former service men at a Washington, one hundred miles from here Tuesday by alleged I. W. W. Seventy-four alleged I. W. W. were arrested in a hall at Spokane. At Portland, Oregon, men alleged to be members of the organization were being held for examination. One of the men arrested at Portland, told his arresting officers he believed the Centralia outrage was a "frame up against the I. W. W."

The raid on the Seattle Union Record was made on instructions from Washington, D. C., according to R. C. Saunders, United States district attorney. Federal officers also seized the plant of the Equity Printing Company and arrested Walker C. Smith, editor of the International Weekly, which is printed in the Equity shop. Smith was charged with violating the espionage act.

The employees of the Record were also charged with violation of the espionage act. The Record is owned by the Seattle Central Labor Council. During Seattle's general strike last February it was charged by city officials that the Equity plant printed most of the alleged inflammatory posters and hand bills distributed about the city. Ole Hanson, their mayor closed the plant for a time.

MONEY MARKET WILL SOON BE BACK TO NORMAL

Stocks Recover from Active Market of Past Few Days.

NEW YORK, Nov. 13.—Indications that stock conditions in the money market may soon be restored and concurrent signs that the bears or short interest had over extended their position, caused a vigorous rally in the stock market today. In several noteworthy instances from one-third to one-half of the recent price depreciations were recovered while in a few isolated cases the rebound was carried to greater lengths. The unsettled market which succeeded the early rally was mainly due to the first quotations for call money, these being fixed at the new maximums of 15 to 16 per cent.

The 16 per cent rate prevailed until the last hour when offerings of surplus supplies by brokers and money lenders exceeded their requirements forced the rate down to 12 per cent, with six per cent the normal rate ruling at the close. Another encouraging factor was the news from Washington that the federal reserve board after a conference with representatives of the New York bank had taken no action looking to the further regulation of discounts or credits at this center. Stocks which featured the recent reversal were among the first to respond to the favorable developments of the session. General Motors made a net gain of forty points, Associated Oil 19, Texaco Company 47, Mexican Petroleum 26, Crucible, Bethlehem, Lackawanna and American Tobacco 2 to 14 points, Republic Steel 8 1/2, American Woolen 8, Atlantic Gulf 7 1/2, and United Fruit 7 1/4.

QUIT ATTEMPTS TO STABILIZE SUGAR

Chicago, November 13.—So involved has the sugar situation become in Chicago that Major A. A. Sprague, chairman of the federal fair price committee today announced an end of attempts to fix the maximum price. This was generally taken to mean that Chicago consumers would pay considerably more than 13 cents a pound which had been the fair price. Major Sprague announced, however, that the margin of profit for jobbers and retailers still was under regulation. Jobbers were allowed three-fourths of a cent a pound and retailers one and one-half cents, he said.

ARREST 18 I. W. W.

Tacoma, Wash., Nov. 13.—Members of the Sheriff's force and local police, aided by former service men, tonight boarded a train at Bismark, a suburb near Tacoma, and arrested 18 passengers alleged to be I. W. W. Some other suspects are believed to have left the train just before reaching Bismark and a posse went in search of them. The men arrested came from Mineral, Washington.

FEDERAL TROOPS REMAIN ON GUARD IN CENTRALIA, WASH.

Another Ex-service Man Is Fired on by Unknown Person.

CENTRALIA, Wash., Nov. 13.—Police and former soldiers continued today to seek alleged members of the Industrial Workers of the World who were involved in the fatal shooting here Tuesday of former soldiers during an armistice day parade.

Brit Smith, one of the alleged members of the organization, it was announced identified four men held in jail as men who were in the radicals' headquarters when the parade passed. The shooting was followed by the lynching of Ernest Eyreets, at first wrongly identified as "Brick" Smith whose body was in the jail today as no undertaker would bury it.

The four former service men will be buried tomorrow at a public funeral. Early today George Paxton, a former soldier, was fired upon as he was patrolling the road between Centralia and Chehalis. Search failed to find the person who fired the shot.

Prosecuting Attorney Herman Allen was instructed by the federal district attorney of western charges against all prisoners Washington to place murder against whom Allen has evidence. Conspiracy charges will be filed against the others, it was announced. Smith in his alleged confession today said all men in the I. W. W. headquarters on armistice day were armed and he is said to have declared he "grinned" they fired shots at the parade. Smith said he himself did not shoot.

Smith was taken from the jail here to the Chehalis jail today to identify the men. The four named by Smith were Mike Sheehan, James McInerney, Roy Becker and a man named Faulkner. Smith and Becker identified the man who was lynched Tuesday night as Wesley Everett, I. W. W. organizer, who was also in the room where the shots were fired.

Four I. W. W. were taken from jail here today long enough to bury Everett when local undertakers declared they would not touch the body. Accompanied by a squad of seven armed national guardsmen the four went to the pauper section of the local cemetery with the body, dug a grave, lowered the box in and covered it up, without services of any nature. A coroner's jury returned a verdict tonight that Lieutenant Grim, Arthur McElfresh, Danie Hubert and Ben Cargranda, the ex-service men killed last Tuesday, came to their death as a result of gunshot wounds fired by persons unknown. County Attorney Allen said he had evidence which would result in the filing of information charging murder in the first degree against nine men being held here and at Chehalis.

WHISKEY OPENLY SOLD IN LOUISVILLE

LOUISVILLE, Ky., Nov. 13.—For the first time since July 1, when wartime prohibition went into effect, whiskey openly was sold in Louisville today without interference by the federal authorities. The sales were made by two Louisville distillers from their tax paid floor stocks under the protection of a temporary injunction issued by Federal Judge Walter Evans.

The action of Judge Evans today apparently attracted wide attention. Many messages were received asking for copies of the brief and arguments in the case in which the court, in effect held wartime prohibition unconstitutional and upheld an attack upon the Volstead enforcement act.

Louisville distillers as a rule, however, were said to be inclined to wait until the supreme court to wait action of the supreme court in the case brought by the Kentucky Distillers and Warehouse company to test constitutionality of wartime prohibition which Judge Evans several weeks ago decided adversely.

JOHN WALKER DEFIES GOVERNMENT

JOLIET, Ill., Nov. 13.—In a sensational speech here last night, made public today John Walker, labor leader and coal miner chief, defied the federal government to stop the coal miners' strike, declared the steel workers would either win their strike or "make a lot of trouble," advised his hearers to use violence on employees now at work in the mill and wound up with a prediction that "the government was acting pretty ugly" the strikers both in the steel and coal industries would "lick hell out of them."

ATTEMPT TO TAKE LIFE OF CLEMENCEAU'S SECRETARY

Bordeaux, Nov. 13.—An attempt was made early this morning to assassinate Georges Mandel, Premier Clemenceau's chief confidential secretary, who is a candidate on the national list for the department of Gironde.

A revolver shot shattered the door of his automobile but he escaped unhurt. Joseph Vanvactor, a widower, shot and killed Miss Laura Manuel, age 30, of Leonard, near here and then turned the gun on himself. He may recover. Vanvactor is in jail here charged with murder.

WILSON GREETED PRINCE OF WALES FROM SICK BED

Heir to British Throne Spends Busy Day in Capital.

DECORATES U. S. OFFICERS

WASHINGTON, Nov. 13.—President Wilson, propped up in the great Mahogany bed in which Baron Renfrew, later King Edward VII, slept when he visited Washington in 1860, greeted today the grandson of that British king in Albert Edward, Prince of Wales. The prince was taken to the president's sick room after the president's recovery from the he had had tea with Mrs. Wilson and the president's daughters, Miss Margaret Wilson, and Mrs. Francis B. Sayre. The visit to the white house followed a motor trip to Mount Vernon where the youthful British heir laid a wreath on Washington's tomb and planted a young cedar before the resting place of the leader of the American colonies in their struggle with England. Soon after the president and the prince had exchanged greetings, the president noticed that his visitor was looking closely at the massive old bed and told him its story—how the prince's grandfather had slept in it when he was entertained at the white house by President Lincoln and of it being the same bed in which President Lincoln slept during his years in the white house.

The president inquired of the prince as to his father, mother and grandmother and mentioned particularly the pleasure with which he received a cablegram today from Queen Mother Alexandra.

Interesting Meeting. The meeting between the prince and the president was much the same as such might occur between any healthy normal boy with a keen sense of humor and a middle-aged statesman whose cares have not driven the gift of laughter from him. The president laughed heartily at the vivid and humorous account the prince gave of his experiences since his arrival on the American continent. The British heir was very enthusiastic at the warmth of the reception he had received in the United States.

The conversation between the two covered a wide range of subjects. After the prince had left, Rear-Admiral Grayson, the president's physician, said that the president's spirits had risen as the result of the visit and that he had enjoyed it greatly.

The prince was accompanied to Mount Vernon by Vice-President Marshall and Secretary Lansing and he seemed to enjoy thoroughly the drive thru the autumn tinted Virginia woods with the gun shining for the first time since the royal visitor visited the United States.

Arriving at the entrance of the grounds of the Washington mansion, Prince Edward passed thru a long line of infantrymen at "present arms" on his way to the tomb. He remained there only a few minutes and passed on to the Washington mansion. Before leaving, he signed the voluminous register of guests bearing the names of King Albert, Queen Elizabeth and the Duke of Brabant, and was introduced to Mrs. Alice Riggs of Washington, a survivor of the party which welcomed his grandfather to Mount Vernon in 1860.

American Officers Decorated

Prior to the trip to Mount Vernon the prince decorated eighty American officers and enlisted men and Red Cross nurses.

Tonight he was the guest of honor at a dinner at the British embassy and later members of the diplomatic corps greeted him at a reception given by Viscount Grey, the British ambassador. The prince will conclude his visit in Washington tomorrow with a call on Mrs. Marshall, wife of the vice-president, who has been unable to attend the functions given in the royal visitor's honor because of illness. Then he will go to Annapolis to see the Naval Academy and review the midshipmen.

RADICALS WILL BE CLEARED OF MINE CAMPS

Charleston, W. Va., Nov. 13.—Agents of the department of justice are enroute to the coal mining district of Northern West Virginia. Governor Cornell announced tonight following advice from Washington to that effect, it will be their purpose to clean out radical centers and round up I. W. W. and Russian agitators, he said.

KILLS WOMAN WHOM SPURNED HIM

Shelbyville, Mo., Nov. 13.—Guarred and rejected by the woman whom he went to marry, Joseph Vanvactor, a widower, shot and killed Miss Laura Manuel, age 30, of Leonard, near here and then turned the gun on himself. He may recover. Vanvactor is in jail here charged with murder.

INSURGENT MINE WORKERS IN ILLINOIS ARE AGAIN ACTIVE

Ranks of Strikers in State Remain Unbroken—Await Officials.

SPRINGFIELD, Ill., Nov. 13.—Added signs of the determination of mine workers to ignore the order of miners' officials of return to work, and symptoms said to indicate that insurgent forces in the state were again active, constituted the developments in the Illinois soft coal miners' strike today.

While reports coming to mine workers' headquarters were meager, due to the absence of Union officials, it was stated that the ranks of the strikers remained unbroken tonight. Miners in the Springfield sub-district said there would be no signs of a resumption of coal hoisting until the joint scale conference, meeting tomorrow at Washington, D. C., had formulated an agreement. This they declared constituted the position of the Illinois membership.

Strike leaders manifested no particular concern over the attitude of hostility assumed in the course of the day by President Freeman Thompson and Secretary-Treasurer John Watt, sub-district officials who attacked the stand of Federal Judge A. B. Anderson in ordering that the strike be ended and defied miners' officials to compel the rank and file to back to work. Both Thompson and Watt were recognized as leaders in the insurgency movement against Frank Farrington, president of the Illinois district and associates last summer.

Operators here were less sanguine today that the men would return to their jobs, and appeared to feel that production of coal in Illinois must wait on the outcome of the Washington wage scale deliberations.

Miners and operators were without further details of the reported desertion of mines at Duquoin and Befton by miners permitted to remain at work in order to take care of engines, pumps, mules and other company property.

MICHIGAN MINERS DELAY DECISION

SAGINAW, Mich., Nov. 13.—Michigan miners will delay decision regarding ending the strike until some decisive action is taken in the other bituminous fields or in Washington affecting the entire strike situation. Three meetings held this afternoon and tonight in St. Charles, Bay City and Saginaw developed that the men favor waiting until some different solution of the strike is offered. All meetings were addressed by District President William Stevenson, who reported on the recent conference of union officials in Indianapolis. Mr. Stevenson leaves Friday noon for Washington, to attend the government's conference with the operators and union officials of all bituminous fields. Thru the vice-president, Thomas Cook of Bay City, he will keep in constant touch with the district during his absence and any action taken in the conference and favoring ending of the strike will be at once communicated to the men.

FUNERAL SERVICES FOR DEAD YANKS

NEW YORK, Nov. 13.—Funeral services for 111 American soldiers who gave their lives on the battle fields of northern Russia were held today on the long pier at Hoboken, where the bodies were landed by the Transport Daraga.

The services, held with full military honors, were attended by representatives of official Washington, many foreign governments and the states from which the soldiers entered the service.

Scarcely a timber on the pier was visible under the decorations of flags and crepe while over the shore entrance hung a great reversed red, white and blue streamer bordered with deep bands of black.

The war department announced that bodies not claimed by relatives would be buried either in Cypress Hills Cemetery, Brooklyn, or some national cemetery to be selected later.

ALBERT TALKS OF TRIP TO AMERICA

Brussels, Nov. 13.—King Albert who returned today from America had a long farewell chat with the correspondents. He keenly appreciated the sincerity of the sympathy of the Americans.

He had been greatly impressed by the development of American industry and also respect for law, combined with love of liberty. He spoke with enthusiasm of the philanthropic spirit of the American captains of industry. Architectural science, illustrated by the American skyscrapers, railway stations and hotels, suggested that Europe might learn much from American engineering construction, the king added.

REPUBLICANS CUT THE HEART OUT OF THE PEACE TREATY

Adopt Reservation Wilson Has Bit-terly Fought.

G. O. P. SENATORS STAND TOGETHER

WASHINGTON, Nov. 13.—Squaring joining the issue with President Wilson the senate adopted today a reservation qualifying the obligations of the United States under article ten of the league of nations covenant.

A solid Republican lineup reinforced by four Democratic votes out the reservation across exact as it came from the foreign relations committee and in virtually the language which the president declared on his western tour would cut the heart out of the covenant and mean the rejection of the treaty. The vote by which the reservation won was 44 to 33.

The fight for reservations having thus been carried to a climax the Republicans presented for future action a cloture proposal designed to bring final action on the question of ratification within a week. A less sweeping measure had been put in by the Democrats earlier in the day but rejected it when the Republicans voted to sustain a point of order against a vote on the question of clamping down a cloture on debate will come Saturday morning and the Republican leaders say it will depend entirely on the Democrats whether the move rallies the necessary two thirds to make cloture effective.

Reservation to Article X

The Article X reservation as adopted by the senate follows: "The United States assumes no obligation to preserve the territorial integrity or political independence of any other country or to interfere with controversies between nations—whether members of the league or not—under the provisions of article ten, or to employ the military or naval forces of the United States under any article of the treaty for any purpose unless in any particular case the congress, which under the constitution has the sole power to declare war or authorize the employment of the military or naval forces of the United States, shall by act or joint resolution approve."

In only two particulars does this language differ from the proposed reservation which the president declared at Cheyenne, Wyo., he would be obliged to regard as a rejection. As read by Mr. Wilson the phrase "under the provisions of article ten" occurred at different place and the final word "provided" was changed to "declare." The roll call showed 41 Republicans and Gore, Reed, Smith (Georgia) and Walsh, (Mass.), Democrats, voted for adoption of the reservation.

Administration Fights Hard

The administration forces fought stubbornly thru the day and into the evening to secure some modification of the committee measure but to all of their proposals the united Republican organization remained adamant. Finally forced to yield, Democratic Leader Hitchcock put into the senate hopper a set of five reservations on which he will ask for a vote later as a substitute for the committee program. The resolutions cover withdrawal of the Monroe Doctrine, Article 19, domestic questions and voting equality in the league. A sharp preliminary battle was precipitated by the Democratic cloture proposal, which had been drafted at a morning conference of the Democrats to replace the one drawn up yesterday. The original plan was to propose a cloture upon the treaty itself, but it was decided to confine it to the committee reservations when the point was raised that it might otherwise defeat the Democratic plan to vote down the committee's ratification resolution and then offer one acceptable to the administration. The Republican petition also prepared yesterday by the mild reservation group was not presented until just before adjournment tonight. It calls for limitation of debate on the whole treaty.

Mr. Chadsey, the \$18,000 a year superintendent of the Chicago schools, is again in power. He must feel that he is taking up his work just where he left it off a few months ago, for about the first thing called to his attention on resuming his duties thru court order was a petition from 6,325 teachers asking for an increase in wages.

The pronouncement by some workers that they will not obey

certain provisions of the Cummins bill if it is passed by congress is likely to strengthen the support of that bill. The public doesn't like to be threatened and has special objection to warnings being given by individuals or groups of citizens that they do not propose to obey laws that do not suit them.

It isn't the size of each transaction but the number of the transactions that makes up a big business. The widow of Mr. Woolworth, who built up the wonderful chain of 10 cent stores, has an annual income from his estate of something more than \$400,000, according to a court record recently made public. The Woolworth business started in a very humble way. Any man can establish a big business if he has a big idea, starts right and perseveres.

A hundred Ohio high school students who took affairs into their own hands Armistice day and observed a holiday have been suspended. The action of the school authorities would not have had public approval a year ago and it remains to be seen what the opinion is now. The students of Illinois college took wiser action. They by unanimous consent granted the faculty of the college a holiday on armistice day and notice to that effect was posted. What could the faculty do but patriotically observe it?

A few weeks ago a great deal of

sympathy was expended for the cattle feeders who had carried their stock thru expensive months of feeding and then found themselves taking sad prices while meat a loss of \$40 or \$50 per head. The trouble seems to have been that the cattle men were too hasty with shipments for now the finished product is commanding the highest price on record. All of which goes to show that the pitfalls and sorrows of the cattle feeding business are many.

A big tannery company near Waukegan is investing \$1,000,000 in the building of homes and will sell them to employees at cost. This is not a philanthropic movement but has been undertaken in order to keep the force of workers intact. The same plan has been followed in a number of other cities and the housing problem is one which is commanding wide-spread thought and attention. There are a number of people now in Jacksonville living in furnished rooms because they are unable to find suitable homes in the cities where they live.

Evidence thus far presented at the public hearing indicates that thru fraud the government was enriched out of \$4,500,000 in the building of Camp Grant. Other frauds amounting to millions have been committed and settlements made. No doubt there have been still other frauds at the other cantonments.

If all the money expended thru these crooked transactions can be recovered, congress would find itself in a position to repeal some of the onerous tax provisions.

One returned soldier living in a neighboring state seems to have learned the arts of peace in his war time experiences. He is a son of a minister and has just succeeded in uniting two factions of the church that split 19 years ago. The warring factions found thru his presentation that much more is accomplished thru united effort and that they are all trying to get to the "same place" anyhow. Splits in churches seem to be about the most unreasonable of all controversies and the hardest to explain. Quite frequently too they are the most bitter.

DEATHS

Bull.
Abram M. Bull, known to many residents of Morgan county, died at 8:40 o'clock Thursday morning at Our Savior's Hospital. He had been a patient there only a few days and death was due to appendicitis. The remains were removed to the Gillham undertaking establishment.

Mr. Bull was born in Harts Prairie, September 9, 1875, and was the youngest son of Solomon and Elizabeth Bull. He lived at the family home until he was twenty-four years of age and in that year was married to Miss Cordelia Hicks, daughter of Mr. and Mrs. Vinus Hicks. Both families were well known in the south part of Morgan county and in adjoining territory. For a number of years Mr. Bull followed the occupation of farming with success and more recently he has been a resident of Scottville.

For a period of nine years he has held the office of supervisor from his township and has also served the public in various other ways. He was a man of fine character, an upright citizen, a good business man and news of his death will be received with widespread regret.

The deceased was a member of the Masonic, I. O. O. F. and M. W. A. organizations and also of the Christian church of Scottville. He is survived by his wife and mother, together with one sister, Mrs. Martha Berryman of this city, and three brothers, W. L. Bull, Scottville; J. J. Bull and S. E. Bull, Franklin precinct. His father died in 1912 and one sister died in 1907.

Brief funeral services will be held at 12:30 o'clock today at the home of his sister Mrs. Berryman on West North street, in charge of the Rev. M. L. Pontius. The remains will then be taken to Scottville and the funeral will probably be held Sunday, the definite arrangements have not yet been made. The service at Scottville will be in charge of the Rev. V. T. Wod of Canton, Mo.

Funerals
Scott.
Funeral services for Mrs. Charles Scott were held from the M. P. church in Chapin Thursday afternoon at 1:30 o'clock in charge of the Rev. Mr. Steinfelt. Music was furnished by Miss Mamie Onken, Miss Hattie Bibbitt, Harry Onken and William McAdams. The flowers were cared for by Misses Blanch Matter, Ollie Medlock, Glenna Bridgeman, Margaret Brockhouse. The bearers were: Ernest Reams, Harry Waters, William Ishmael, Adam McDonald, Oliver Haymaker, Charles Holliday.

do my chores, and keep the well know wolf away; I have to fix the cellar doors, and lay in coal, and flour and hay. Some day, with you, I'll take the stump and talk from a stump till night arrives, and send old abuses to the dump, and brighten up men's darkened lives. But now I have to raise the price of things we need—it takes some roll—and pay the chap who brought the ice, and the other guy who brings the coal. And sometimes, as I pay my bills, I think perhaps that helps as much as whooping up and down the hills, demanding things to beat the Dutch. And often, as I do my chores, I think that helps the world along as much as raising raucous roars, and showing that all things are wrong. Some day I'll leave my useful tasks, forsake my simple, homely joys, and stand on boxes and on casks, and wave red flags, and make a noise. Then you will know, if you are near, that something's wrong beneath my thatch, and you may take me by the ear, and lead me to the booby hatch.

LYNNVILLE SCHOOL ONE OF BEST IN COUNTY

New Building Recently Erected is Modern in Every Respect—Pupils Are Bright and Eager to Imbibe Knowledge.

Occasionally a village in the county has been left by the railroad and of course such are not generally as active and wide awake as those thru which the iron horse passes, on his daily travels. However, one living in Lynnville has the least to complain of in regard to quiet of almost any place about.

It is occupied by many capable, wide awake, progressive people and on the farms adjacent are some of the best citizens of Morgan and Scott counties. Their homes are tasty and their farms show evidences of thrift and industry.

For a good while the people were busy with other affairs that the school children were housed, during the school hours, in rather shabby quarters whereat there were many complaints so the people decided they would have a change and they had it with a witness and now the school is conducted in one of the best buildings of the kind in the county. It is supplied with a concrete basement and basement furnace which does the work admirably, warming every one and not burning the face while freezing the back.

The equipment is hardly completed yet. Some maps have been ordered but have not yet arrived and a number of pictures could be added to the walls to great advantage. They have some books and need more and a dictionary and good globe. The lot is well located and some day when the directors Messrs. H. V. McNeely, F. R. Watson and Wesley Cumbe get time they will probably set out some needed trees as the place looks a little bare. The managers probably want a breathing spell after getting up such a good building.

The visitors arrived just as the school bell rang and soon all were in their places. Shirley McKean, principal, invited Miss Ruth Miller to bring in her primary department and soon the visitor had before him the largest audience of the kind he has faced this fall. They had been anticipating the visit and all were eager to hear what the caller had to tell them about the wonderful part of the world which was the theme of the talk. The prompt and vigorous manner in which they answered a number of questions was very gratifying and they manifested a desire to hear all that was said to them and profit by it and at the end they asked a number of questions which is always so pleasing to the writer.

THE OBSERVATORY

The truth of the old adage that it's an ill wind that blows no one any good was emphasized yesterday with the receipt of news from Decatur relative to the dropping of four stars from the Millikin football line-up.

The increasing number of motor cars in Illinois is another thing which makes good roads economical. The life of a gallon of gas, a set of tires or a car as a whole is more than doubled by good roads.

It has been suggested that we quit quarreling about "old time" and "new time" and put in a little full time.

The Chicago Daily News sends out an inquiry for the old-fashioned war-time girl who was always knitting a sock. Well, quite a number of them entered on sock darning contracts a few days after the boys got home.

The reason most newspaper men favor celebrating November 11 is that it is the anniversary of the glorious day when we ceased to care a rap about how to spell Ypres, Premysyl, Xouixe, Ichtegen, or any of a thousand others.

Among the missing is the old-fashioned table that, according to country correspondents, used to groan 'neath bountiful repasts.

Noting that Jack Dempsey has been matched to fight Beckett, the English champion, if the latter defeats Carpenter, it has been stated that if Beckett knows when he is well off he will not defeat Carpenter. Do we hear a second from Mr. Willard of Kansas?

The man who thinks he would like the life of a newspaper man, sighs C. S. Jones of Polo, can figure it out something like this: "Get up and go to work to get a little money to buy something to eat so that you will have strength to do a little more work to get a little more to eat to get a little more strength, etc., etc. It's a great life if you can keep on getting a little more strength."

REV. E. L. PLETCHER BUSY

Yesterday morning Rev. E. L. Pletcher addressed the students at Illinois college giving the young people some excellent advice.

A short time since he presided at the quarterly conference of the church ministered to by Rev. W. S. Phillips at Carlinville. The church is in a flourishing condition and the pastor has become greatly endeared to them. They gladly pay him \$2400 a year and parsonage and do other pleasant things also. The official board of the church tendered the district superintendent a reception which was an unusual and very enjoyable event to all concerned.

IN MEMORIAM.

In memory of Private Lee P. Flynn who died one year ago this month, Nov. 9, 1918, at Base Hospital 114, Beau Deser, France, from wounds received in action.

He left his home in perfect health, he looked so young and brave, we little thought how soon he'd be laid in a soldier's grave.

BUY COAL THIS WEEK!

We have been preaching for some time on the advisability of buying coal early. Many have heeded our advice—but there remains quite a number who have not.

To those we say—buy your coal this week. The unsettled condition of labor demands it. Cold weather soon will be upon us. Don't be caught with an empty bin.

We guarantee honest weights and honest coal.

Milk Toast Diet Too Much for Her.

"I doctored for years with only temporary relief. My liver was very bad, after eating I would always have such a fullness in my stomach and my heart would palpitate. I could not eat milk toast without distressing me. Since taking a course of Mayr's Wonderful Remedy, more than a year ago I can eat anything my appetite desires." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

HOUSE AGREES ON FOUR POINTS OF ESCH RAIL BILL

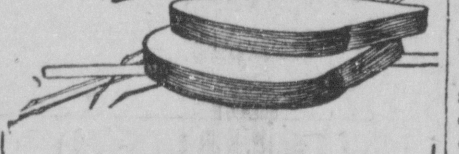

Each Have Far Reaching
Effects Providing Cap-
ital to Carriers.

WASHINGTON, Nov. 13.—Four important points of the railroad legislation were settled by the house today during consideration of the Esch railroad bill. Each of the provisions approved has far reaching effects in providing capital to the carriers, both in the period immediately following government control and afterward.

With one exception all of the but only one was changed. In brief the provisions approved by the house provide:

Carrier must ask the interstate commerce commission for general increases of rates within sixty days after their return to private operation.

Revenues of carrier, including short lines and express companies for the first six months of private operation are guaranteed by the government to equal the corresponding standard return paid as

rental by the government, during federal control.

Carriers indebtedness to the government remaining after a settlement of the rental owed by the government may be funded for ten years on demand notes, at six per cent interest and.

Carrier may obtain government loans from a \$25,000,000 revolving fund during the first two years of renewed private operation, such loans to mature in five years, bear six per cent interest and to be secured.

Only the provision for government loans escaped attack in the bill approved without a word of debate. Vain efforts were made to eliminate the order for carriers to ask for increased rates and also the guarantee provision but these attacks may be renewed later.

The funding plan embodied in the bill, however, was rejected after its opponents had attacked it as unfair to the government and its supporters had urged that congress be generous in financial dealings with the roads.

As soon as the so-called capital provisions including the one concerning the rates as increased by the railroad administration had been disposed of the house took up the labor sections but after continuing late into the evening adjourned until tomorrow with three plans pending for the settlement of labor disputes. Numerous members also were seeking to offer amendments and house leaders predicted that the night session tomorrow would be necessary to reach final action on the labor provisions.

The labor men oppose the house bill in its entirety but center their complaint largely on the labor section providing for railroads collecting judgments on the property of unions.

The labor plan of the bill would set up two boards for the voluntary arbitration of disputes. Carriers, enforcing a lockout of employees would be liable for damages as well as labor unions for strikes.

Two substitutes for this plan were offered, one by Representative Webster, Republican, Washington, for compulsory arbitration before a board selected by the president whose decision would be final.

The other substitute offered by Representative Sweet, Republican, Iowa, would by law establish boards of employees and rail executives and would carry with it no penalty for failure to reach a final agreement. His plan was said to have the approval of the railway workers.

REPUBLICANS CUT THE HEART OUT OF THE PEACE TREATY

(Continued from Page One.)

out objection, and was ordered to lie over under the rule until Saturday, when a vote must be taken without debate. Should a two-thirds majority favor cloture no senator then could speak more than an hour in all until a final ratification roll call had been reached. A plan to hold night sessions beginning tonight was abandoned when it was decided to adjourn over tomorrow for the funeral of Senator Walsh.

Vote Down Walsh Amendment
The first amendment voted on, a motion by Senator Walsh, Democrat, Montana, to amplify the reservation mustered only four votes. Pending for several days the proposal had been characterized in debate as a trick to attract irreconcilable Republicans away from their party leaders and to make the reservation so sweeping that the mild reservationists could not vote for its adoption.

Senator Walsh denied that any trick was intended but the Democratic leaders apparently decided to take no chances on such an amendment being adopted. On all of the other proposed amendments and substitutes the vote was virtually the same, no Republican voting for any change and from three to five Democrats helping vote them down.

By a vote of 44 to 32 the senate rejected a substitute by Senator Hitchcock which would declare the recommendations of the league council to be "merely advisory" and a similar proposal by Senator Owen, Democrat, Oklahoma, failed 44 to 33. Mr. Hitchcock's final effort at amendment, a motion to add a resolution drawn some months ago by Senator Knox, Republican, Pennsylvania, relative to the nation's duty in any European emergency was rejected 45 to 34. Senator Knox voting with the other Republicans against it.

The substitute reservations presented by Democratic Leader Hitchcock are as follows:

That any member nation proposing to withdraw from the league on two years notice is the sole judge as to whether its obligations referred to in article one of the league of nations have been performed as required in said article.

That no member nation is required to submit to the league, its council or its assembly, for decision, report or recommendation any matter which it considers to be in international law a domestic question such as immigration, labor, tariff, or other matter relating to its internal or coastwise affairs.

That the national policy of the United States known as the Monroe Doctrine, as announced and interpreted by the United States, is not in any way impaired or affected by the covenant of the league of nations and is not subject to any decision, report or inquiry by the council or assembly.

That the advice mentioned in article ten of the covenant of the league while the council may give to the member nations as to the employment of their naval and military forces is merely advice which each member nation is free to accept or reject according to the conscience and judgment of its then existing government and in the United States this advice can only be accepted by action of the congress at the time being, alone under the constitution of the United States having the power

to declare war. That in case of a dispute between members of the league if one of them have self-governing colonies, dominions or parts which have representation in the assembly each and all are considered parties to the dispute and the same shall be the rule if one of the parties to the dispute is a self-governing colony, dominion or part in which case all other self-governing colonies, dominions or parts as well as the nation as a whole shall be considered parties to the dispute and each and all shall be disqualified from having their votes counted in case of any inquiry on said dispute made by the assembly.

MINE TENDERS KEPT FROM WORK

Duquoin, Ill., Nov. 13.—Efforts of miners' leaders here to call a meeting to permit those unaffected by the coal strike to return to work were abandoned tonight when it was indicated the majority of the 2,500 miners in Duquoin favored keeping them out. Hoisting engineers, firemen and pumpmen, mule feeders and other union men, not involved in the strike were called out last night by local leaders of the mine workers.

Altho executives and clerical forces of the eight mines are attempting to fill the places of those involved in last night's walkout, mine operators said the mines would not be in operation until about two weeks after the men returned to work because of accumulation of water in the collieries.

14, 1918. One son, Leslie W.
Harvey of this city, survives. She
also leaves two grand-children,
James Harvey and Catherine
Briggs, and one brother, William
Cahill of Lufkin, Texas.

The sudden death of her
daughter, Mrs. Briggs followed by
the death of her husband and
son-in-law Ralph Briggs, all dying
within a period of two months
was a great shock, from which
she never recovered. Since that
time her health had been gradu-
ally failing until the end came
at the hour indicated.

Mrs. Harvey was a member of
the Church of Our Savior and al-
so of Athens Camp No. 4860
Royal Neighbors of America. For
many years she served as treas-
urer of the camp, being compelled
to give up the work because of
failing health.

She was devoted to her family
and never was so happy as when
ministering to those she loved.
She was a woman who did many
acts of charity in an unosten-
sive manner. Her going will
bring sadness to a wide circle of
friends.

No arrangements for the fun-
eral have been made.

HAS NARROW ESCAPE.

St. Louis, Nov. 13.—Jack Den-
son, head of the Internal Revenue
Department's nargotic squad,
narrowly escaped death today in a
revolver battle with a dozen resi-
dents of Chicago's Chinatown.

He arrested a Chinaman who
was charged with bringing a
quantity of opium from Kansas
City. The prisoner asked to be
permitted to visit a house in the
vicinity and when the federal
agent and his assistants reached
the building they were greeted
with a fusillade of bullets. Throw-
ing the Chinaman in front of
him as a shield Denison entered
the building and searched the
premises but no opium was found.
Seven Chinamen were arrested.

structed to do all in its power to carry
out its provisions. Employment
agencies came in for much criti-
cism during the afternoon session.
Miss Margaretta Neale, assistant
to the director general of employ-
ment service in the department of
labor said that national employ-
ment agencies under direction of
the government were among the
nation's greatest needs. In New
York alone agencies collected \$2,
500,000 in fees last year while the
Ohio industrial commission re-
cently showed that in twelve months
it had saved 175,655 workers
\$250,000 that would have been
charged them as fees by private-
ly conducted labor agencies, said
Miss Neale.

It was announced tonight that
Mrs. Josephus Daniels had been
nominated third vice-president to-
day and that a telegram had been
sent to her asking her to signify
her acceptance previous to the
voting tomorrow. Miss Helen
Taft who was nominated record-
ing secretary and a similar tele-
gram was sent to her at Bryn

FRAMERS FROM 31 STATES IN CONFERENCE

CHICAGO, Nov. 13.—Delegates
representing farmers from thirty
one states today organized the
American Federation of Farm
Bureaus by which county farm
bureaus of each state will cor-
relate and strengthen their work
and "promote, protect and rep-
resent the business, social, economic
and educational interests of the
farmers of the United States." It
was decided that a board of di-
rectors should be placed in complete
control of the federation's activi-
ties, to prevent dictatorship in the
body. The directors and other
officers will be elected tomorrow.
The federation stands for the
farmers' interest solely, said an
announcement issued after formal
organization. "We are opposed to
or fighting labor and capital, but
will go ahead with them where
our interests are to be conserved
if such conservation is for the
good of the whole people."

naval seaplane NC-1, which made
the first trans-Atlantic flight re-
cently established a new non-stop
record for that type of craft when,
carrying twelve passengers, it
flew from Pensacola, Fla., to
Memphis, Tenn., a distance of 535
nautical miles, the secretary of
the navy announced today. The
total flying time was nine hours
and 33 minutes.

ALLIES CARRY OUT EVACUATION OF OMSK

OMSK, Thursday, Nov. 6.—(By
The Associated Press.)—The evac-
uation of Omsk by the allied mis-
sions was carried out today ac-
cording to program, all the trains
departing at noon. The British
representatives were the first to
leave followed by the American
consul general, Ernest Harris, the
French mission and the remain-
der of the Czech troops under com-
mand of Major General Jules
Janin.

The American vice-consul,
Trygve R. Hansen, remains at
Omsk, enabling Mr. Harris to re-
tain daily contact with the Ko-
chak foreign office and the situ-
ation generally at Nikolaevsk,
where he is located.

On the train conveying Consul
Harris were the last Americans
at Omsk. They included the con-
sular staff, Messrs. Haven DeWitt
Schaeffer, Shaw and Winters;
Major Martin, Everole and Mc-
Donald and Doctors Sweet and
Wat of the Red Cross Investiga-
tor Tok of the investigating bu-
reau and Herman Slaughter.
Their departure is not believed to
denote any immediate danger to
Omsk which is quiet and orderly.
With the Bolshevik more than 100
miles away. It is understood to
be due rather to congestion on the
railway which is daily increasing
due to the fact that Omsk is be-
coming a zone of active military
operations.

Certain sections of the Kolchak
government have already left
Omsk.

ALABAMA MINERS APPEAL TO PALMER

BIRMINGHAM, Ala., Nov. 13.—
Coal miners who offered to return
to work today in the Alabama
district were met with statements
that a "surplus existed" and that
"they would have to stand a phys-
ical examination before they
would be allowed to return to
work," according to J. L. Olemo,
secretary of Alabama District No.
20, United Mine Workers of Am-
erica.

Officials of the Alabama miners
union sent the following telegram
to Attorney General Palmer to-
day.

"In compliance with the order
of Judge Anderson the miners of
Alabama returned to work today.
Hundreds of them were dis-
charged and turned back from
the mines by the companies. The
public wants coal, the miners are
not permitted to dig it. We ask
you what is the department of
justice going to do about it?"

The complaints of miners ac-
cording to reports at headquarters
here take various forms. When
the men reported at one mine they
were said to have been told that the
mine foreman was ill today and
could not see them. At other
mines it was stated to them that
their places had been filled and
that their services would not be
needed. Still others stated that
a physical examination would be
required before they could return
to work and blanks were issued
to them to be filled out.

Official figures compiled today
showed the coal production of the
Alabama district last week to
have been 113,000 tons. This is
compared to an average week pro-
duction for the present year of
200,000 tons.

ORGANIZE RUSSIAN RELIEF

New York, Nov. 13.—Organiza-
tion of the American central com-
mittee for Russian relief was ef-
fected today with the election of
Charles W. Eliot, president emeritus
of Harvard university, as its
first president. Its purpose is to
co-ordinate the collection of funds
and the shipping of food, cloth-
ing and other necessities to the
stricken people of Russia. The
central committee will superin-
tend the workings of local com-
mittees to be formed in all parts
of the country. It was announced.
Chicago, Pittsburgh and Boston
already have one local committee
each.

MINERS REMAIN IDLE

Belleville, Ill., Nov. 13.—The
11,000 striking coal miners, em-
ployes of 79 mines in this sub-
district remained idle today and
miners' leaders said they did not
expect the men to resume work
until a substantial wage increase
had been guaranteed them.

AMERICANS PICKED UP BY MINE SWEEPER

MILLIKIN MEN ARE DECLARED INELIGIBLE

Gepford and Adkins of the Milli-
kin Football Squad Barred from
Athletics for Playing Profes-
sional Football — Will Not
Weaken Team.

Sidney Gepford half back and
Roy E. Adkins guard of the Milli-
kin football squad were declared
ineligible for further partici-
pation in college athletics for play-
ing in a professional football game
with the Staley team of Decatur
when it played Taylorville last
Tuesday.

According to the Decatur Re-
view Coach Wann shed great tears
about the loss of the men and said
he would have to build a team over
to meet Illinois. To those in the
"know" the thing is a joke.
Wann probably has several men,
who if not as good as Adkins, are
of high class. He has back field
men of such caliber that Gepford
has been playing second string
most of the season.

Those who are rejoicing must
not be disappointed when they
read this story. Millikin will be
as strong when she faces Illinois
a week from tomorrow as she has
been any time this season. How-
ever, Illinois also will be strong
and Millikin will find that she has
a football game on her hands be-
fore the final whistle blows.

Wann still will have the two
McWharters, Johnson and Bailey
in the back field. So if he calls
them second string men we would
like to know where he gets his
real football players.

Social Events

State Street Ladies Held All Day Meeting.

An all day meeting was held by the ladies of State Street church Thursday. Twenty-nine were present for dinner and 40 were present during the afternoon. The luncheon for the room at Passavant Hospital which is being furnished by the ladies was completed.

Ebenezer Ladies Meet.

The Ebenezer Ladies Aid met at the home of Mrs. Nannie Daniels Thursday afternoon. The meeting was opened by scripture reading by the President, Mrs. Ed Patterson. The business was then transacted. The following program was carried out: Paper, by Mrs. Richard Standley. Song, Mrs. Arch. Bridgman. A collection was taken up and refreshments then served. Plans were made for the oyster supper, Nov. 25th. The next meeting will be

held the second Thursday in December at the home of Mrs. Walker Henderson.

Foreign Missionary Society Meets Wednesday.

The Woman's Foreign Missionary Society of the Alexander M. E. church met Wednesday afternoon at the home of Mrs. John E. Erickson, three miles northeast of Alexander with a good attendance of members. The devotional topic, "The Crusade of Compassion" was in charge of Mrs. Colwell. Following the program, refreshments and a social hour were enjoyed.

The next meeting of the society, the Christmas Offering Meeting, will be held at the home of Mrs. Colwell, December 4th.

Mrs. Herman Weber Hostess to Pleasant Hour Club.

Mrs. Herman Weber was hostess to the Pleasant Hour club at her home, 1524 South Main street, Thursday afternoon. There was a good attendance of members and several guests were present. After the business session an impromptu program was given and greatly enjoyed. A social hour followed and the hostess served refreshments.

Entertains Friends At Dinner Sunday.

Mrs. Richard Dye of West Walnut street, entertained a number of friends Sunday at dinner in honor of Mrs. Mary Adams of Davenport, Okla. Mrs. Adams is visiting friends and relatives in the city. Besides the family those present were: Mr. and Mrs. Winifred Byrns, Mr. and Mrs. Arthur Long, Miss Rebekah Winger. A pleasant day was spent by all.

"Marthas and Marys" Entertained Thursday.

The "Marthas and Marys" society were entertained Thursday afternoon at the home of Mrs. Hattie Jeffries on Pine street. There was a large attendance and the afternoon was most pleasantly enjoyed by all.

Following the regular business session a program was rendered one of the striking features of which was a medley of songs by little Miss Dorothy Wharton, aged six, rendered in a really wonderful and charming manner. A group of songs was given by Mrs. J. Bart Johnson and a piano duet by the Misses Conboy.

Shower Given For Miss Hegarty.

Last Wednesday evening a shower was given in honor of Miss Florence Hegarty at the home of Miss Agnes Keating of 717 South West street. Miss Hegarty is to become the bride of Haldon Horton on Nov. 26th.

Music and games were the features of the evening and prize winners in the games were as follows: Misses Mae Murphy, Margaret Keating, Viola Gilliland and Mamie Hayden.

Late in the evening refreshments were served to the guests. The rooms were beautifully decorated in orange and white color scheme.

Miss Hegarty received many useful and beautiful gifts.

Supper at the Congregational Church.

Last evening the members of the Young Woman's Guild of the Congregational church gave a fine supper which was indeed excellent. The ladies tried to restrict the sale of tickets to the number they knew would come and the sale was closed Tuesday evening, allowing time to secure supplies. The bill of fare was superb, all that one might wish and splendidly served, no tiresome waiting and difficulty of any kind. Quite a number of persons so urgently solicited the privilege of buying tickets after the sale had been closed that the ladies yielded and took their chances, but there was enough for all, 182 being served in all. The supper was the work of the Young Women's Guild of the church. Mrs. W. B. Young, president. There were no special committees; all worked together and most admirably without a hitch or halt in the proceedings anywhere and all who ate most loudly praised the good things set before them and the way they were served.

Ladies are pleased with the styles and prices of Fur Scarfs and Muffs, shown by FRANK BYRNS' Hat Store.

NEW ORCHESTRA AT STATE STREET CHURCH

An orchestra has been organized at State Street church and with its membership of ten will make its first appearance next Sunday. T. M. Tomlinson is the superintendent of the school and in recent months some decided increases in attendance and interest have come. Mr. Tomlinson doesn't hesitate to say that the advertising done by the Sunday school in a co-operative way is in part responsible for this larger attendance.

SCIENCE HILL SCHOOL VISITED

There was lots of ozone in the air Wednesday morning, but the writer promised to visit Science Hill school that time and forth he went. The air was bracing, but not needlessly uncomfortable if a man has plenty of red blood in his veins, though the ride home against the northwest wind didn't suggest mosquito bars or fly nets. The directors, Messrs. Riley, Spainhower, Albert Curry and Thomas Antle, have surely tried to make amends for the old building in which the school was assembled for a good many years. A finer plant cannot be found in any country district in the county. The grounds are ample and supplied with fine, hard wood shade trees and the building occupies a prominent place on a hill which has advantages. It is of ample size, well lighted, a large concrete basement with basement heater and ventilator, an ample coal bin and place for play when weather is bad.

Upstairs there are two fine vestibules, one for the boys and one for the girls, while the furniture is new and all right. They have a fine set of maps and a dictionary. The library is badly run down and there is room on the walls for a few more pictures though they have three there of prominent men now.

Miss Laura W. Conlee, the teacher, said the directors were glad to get what she requested and these things will doubtless

come in due season. There is a rear entrance so that coal and supplies may be landed without going through the building. It would seem as there was nothing lacking in the structure.

The visitor was very kindly received by both teacher and pupils and all were very polite and attentive. He arrived just as school was about beginning and the boys, like little gentlemen, helped care for the visitor's horse and showed little courtesies manifesting good raising at home.

All paid good attention to the lecture and some questions were answered for the first time during the school visits this fall.

They were much interested in why, was being said to them and tried hard to understand the wonderful things told them.

The visitor had announced his coming to the chairman of the board and asked him to be present, but probably the weather was too cold though the caller would have been glad to see him, the other directors and other friends of the school, but it was a hard day for any but young people to be out, so there is no ill feeling.

The pupils are: Lois Wood, Willie Crabtree, Everett Moss, Thelma Probasco, John Probasco, Arthur Stablesfield, Edward Witham, Mira Cravens, Amy Antle, Elsie Moss, Dorothy Paine, Lorraine Wood, Flossie Antle, George Jefferson, Mary Ellen Pate, Earl Crabtree, Wilma Baker, Maud Paine, Haskel Witham, Earle Paine, Helen Wood, Gertrude Wood, Gerald Crabtree,

Middle Aged Women

Women should take warning from such symptoms as heat flashes, shortness of breath, excessive nervousness, irritability, and the blues—which indicate the approach of the inevitable "Change" that comes to all women nearing middle age. We have published volumes of proof that Lydia E. Pinkham's Vegetable Compound is the greatest aid women can have during this trying period.

Read About These Two Women:

Freemont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run-down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. Gordon, 925 Napoleon St., Freemont, Ohio.

Urbana, Ill.—"During Change of Life, in addition to its annoying symptoms I had an attack of grippe which lasted all winter and left me in a weakened condition. I felt at times that I would never be well again. I read of Lydia E. Pinkham's Vegetable Compound and what it did for women passing through the Change of Life, so I told my doctor I would try it. I soon began to gain in strength and the annoying symptoms disappeared and your Vegetable Compound has made me a well, strong woman so I do all my own housework. I cannot recommend Lydia E. Pinkham's Vegetable Compound too highly to women passing through the Change of Life."—Mrs. FRANK HENSON, 1316 South Orchard Street, Urbana, Ill.

Rating From War Risk Bureau

In order to give all former service men whose insurance has been canceled, a fair chance to reinstate their insurance, including men who have been out of the service eighteen months or more, and who are therefore barred from reinstatement under the former ruling, a special blanket ruling is made which allows all ex-service men to reinstate their insurance by December 31, 1919, provided that each applicant is in as good health as at date of discharge or at expiration of the period, which is the later date, and so states in his application. Of course it is necessary that he tender the two years' premiums on the amount of insurance he wishes to reinstate.

Service men who reinstated their insurance by payment of back premiums prior to July 25, 1919, when the decision requiring payment of only two months' premiums went into effect, upon written application to the Bureau may have any amount paid in excess of two applied toward the payment of the premiums.

TOWAR WITH YOURSELF Help Nature to Defeat the Disease in Your Body

Keep up the fight; do not give up. Nature is trying to serve you in conquering the wrongs that exist. Red blood, vim, courage, vitality, all seem lacking. No wonder you are nervous and discouraged. Why not call to your aid a strong dependable ally? Dr. Pierce's Golden Medical Discovery has for nearly fifty years proven its merits as a most powerful tonic and blood builder to the many thousands who have been returned to good health by its use.

Savanna, Ill.: "I was suffering with liver complaint and my blood was impoverished. I had backache and felt miserable all over. For my ailments I took Dr. Pierce's Golden Medical Discovery and I was very benefited in every way. I rid me of my ailments and my health was much improved after its use."—IRA CLARK, 1255 N. Main St.

Joliet, Ill.: "I have taken Dr. Pierce's Golden Medical Discovery as a tonic and blood purifier and found it very beneficial, and I always keep the 'Pleasant Pellets' on hand to take as a regular or I find that they keep me in a healthier condition than any medicine I have ever taken. They are fine for constipation and an excellent regulator of stomach, liver and bowels. I think so well of these medicines of Dr. Pierce's that I am always recommending them to my friends and have never known of one instance where they have not given perfect satisfaction."—J. W. FARMER GETS SMALL PART OF FOOD COSTS

Figures by D. O. Thompson Show Wide Spread Between Producer and Consumer.

Observance of food bills of two families living near the stockyards district, made by David O. Thompson, secretary of the Illinois Agricultural Association and reported in the Chicago Daily News, shows that the farmer is getting a very small percentage of the money paid out by the average American family, while the wholesaler, broker, retailer and others who "get in on" the spread between the producer and the consumer get the rest. As the scale of living mounts the percentage of the food bills that the farmer gets becomes smaller, according to Mrs. Thompson.

"With the small family the farmer gets something like 80 per cent, while a meal at the high priced cafes or hotels gives the farmer only about 5 per cent of the total paid," said Mr. Thompson.

"The producer is not responsible for the kiting of prices of commodities. This was established in recent investigations by us."

Checks Family's Food Expense. He went on to tell of the experiments conducted. The first test, he said, was made with the Lindh family at 539 West 44th place. Gust Lindh, head of the household, is a janitor. Every cent of the \$20 he earns in a week goes for food, clothing and housing his seven children, ranging in ages from 7 months to 12 years. His wife, Mary, does her share in keeping the poor but happy little family comfortable by constant mending and making over of clothes.

Gust consented to allow the agricultural association to keep track of what it cost to feed his family, in an effort to determine who was responsible for the high prices of the food they ate. It was found that the total food bill of the family for one week was \$16.95, leaving only \$3.05 for rent, clothes and fuel. The four necessities of life coming almost directly from Illinois farms were included in the list of foodstuffs tabulated. For nineteen and one-half loaves of bread, eight and three-quarters pounds of meat, twenty-two quarts of milk and eight pounds of potatoes the family paid \$3.35. It was estimated the farmer got only \$3.48 out of this. Three dollars and twenty cents was paid for the bread by the family. It was found, according to Mr. Thompson, that the farmer received only 84 cents for the wheat that went into the making.

Thus a reduction of only 1 cent would be the result of a 75 per cent reduction in the price of wheat by the producer. It was also discovered that the price of the potatoes and the twenty-two quarts of milk was increased 100 per cent after they left the farmer.

Farmer Gets 42 Per Cent. "The farmer," said Mr. Thompson, "received only 91 cents of the \$1.78 charged the Lindh family for the meat. Our figures show that the farmer gets 42 per cent of the money his family spends. The farmer who owns or rents the land puts a year in plowing, sowing, reaping and thrashing the wheat crop and gets only 3.1 cents of the 10 cents charged for a loaf of bread. We picked the family that used the cheapest food and showed economy so the figures would be fair."

Another family with two children, using a higher class of food and a little more of it was found to pay \$10.18 for the four necessities, the farmer getting only \$2.23, or 22 per cent.

"City people know they cannot afford to eat food that is sold by the producer for less than the cost of production," continued Thompson. "It would mean farmers would raise less and in very short time the food would be very much higher. Farmers are ready to cut the cost of production to the very limit and make living as cheap as possible if others will do the same, but the farmer cannot do it alone. Everything he buys, from binder twine to farm machinery, is high and there has been no reduction in price."

The association is now working on figures to show how much the farmer's prices for hides and wool have to do with the high prices of shoes and clothing. Secretary Houston Here.

Common-Sense for Corns, "Gets-It"

The Great Painless Corn Loosener. Simple as A. B. C. Never Fails. If you have ever tried to get rid of a corn by bundling up your toe with bandages, or by using salve that made your toe red and almost

raw, or tried to drag your corn out with a knife, there will be a surprise waiting for you when you use "Gets-It." Imagine peeling your corn off gloriously, easily and painlessly, just like peeling off a banana skin. Well, that is what happens when you use "Gets-It." There is nothing else that will give you this same result. Millions of folks have had the same blessed experience. Why putter and suffer, limp, and spoil a good time for yourself and your friends, or your peace of mind while trying to attend to business? Use "Gets-It," the simple common sense way. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill. ARMSTRONG'S DRUG STORES.

FUNERAL SERVICES FOR MRS. TROTTER

Services Were Largely Attended
—Rev. D. V. Goudy Was Assisted by Rev. Leslie and Rev. Langton.

Funeral services for Mrs. P. D. Trotter were held from Centenary church Thursday afternoon in charge of the pastor, the Rev. D. V. Goudy, assisted by the Rev. W. R. Leslie, former pastor and Rev. J. F. Langton, rector of Trinity church.

The church was completely filled with friends who gathered to pay respect to Mrs. Trotter and served to show the love and esteem in which she was held by her neighbors.

Rev. Mr. Goudy took his text from the words, "If the Lord be for us, why does this evil befall us?" The speaker pointed out that out of great sorrow came renewed faith in Jesus Christ. His words proved most comforting to the grief-stricken husband and mother.

Rev. W. R. Leslie spoke of the beautiful home life of the deceased as he had occasion to observe it during his pastorate here. Rev. J. F. Langton read the Episcopal service for the dead.

Mrs. Trotter united with the Baptist church at the age of 12 years. Two years ago she transferred her membership to Centenary church that she might worship with her husband who was a member of that body.

There were many beautiful floral offerings and these were cared for by Mrs. Elmer Nicholson, Mrs. Earl Cox, Mrs. Zella Cox and Mrs. Howard Cully.

Burial was in Jacksonville cemetery the bears being, Elmer Nicholson, Elmer Moody, Earl Cox, Edward Deaton, Howard Cully and Dolph Boiser.

WHITE HALL MAN KILLED BY TRAIN

Wilbur Kessie Meets Instant Death Under Wheels of Alton Work Train Thursday.

White Hall, Nov. 13.—Wilbur Kessie was instantly killed by being ground to pieces by a C. & A. work train as it was passing the station at 12:10 p. m. today. Kessie had been employed on the local C. & A. section for the past two years, and had been off duty a little over a week. He had just left the railroad office after receiving a pay check, and the work train came along at a slow rate of speed enroute to the scene of the wreck below Carrollton to do some finishing work. Kessie decided to board the train and go to work at the wreck. He attempted to board the rear end of the boarding car, the third car from the rear of the train, but missed his step, falling between the platform and the rails, the step of the next car following striking him and throwing his body under the wheels. He was cut to pieces.

Kessie was about 37 years of age, and was a member of an old White Hall family, his father being J. G. Kessie. He leaves a family. A brother, Edgar Kessie, resides in Chicago.

STATE STREET CHURCH MEN HELD CONFERENCE

The men of State Street church met at dinner last night and for conference. There were nearly fifty present and after the excellent dinner had been served at 6:30 o'clock an informal conference was held with Rev. W. H. Morbach presiding. The minister told something of his hopes for the work during the coming months and brief talks were made by E. E. Crabtree, T. M. Tomlinson, P. V. Coover, J. S. Findley, H. H. Bancroft, Felix E. Farrell and Carl E. Robinson.

This was the first meeting that the men of the church have had this fall and the interest shown gave promise of increased activities during the coming winter and spring. All the departments of the church are actively at work and a spirit of united effort characterizes the organization.

The committee in charge of the arrangements for last night included L. O. Vaught, E. M. Dunlap, C. A. Johnson, Emmett Miller, John B. Seibert and Ralph I. Dunlap.

RETURN FROM VISIT IN EAST

Mr. and Mrs. Frank Elliott have returned from a five week's trip thru the east. They spent much of the time at Woodstock, Vermont at the beautiful home of Judge William B. Sanders of Cleveland, who spends much of his time in the east. They were at various points in New England and spent a number of days in Boston and New York, returning by way of Chicago where they were guests of their sons.

Mr. and Mrs. Elliott were accompanied to Jacksonville by Miss Albina G. Sanders of Cleveland, well known to many Jacksonville people. Miss Sanders has for seven years past been a resident in England and it was only during the past summer that she returned to this country with her brother, J. Kent Sanders.

SURPRISE PARTY FOR WINCHESTER RESIDENT

Relatives and Friends Surprised Joseph Patrick on Birthday—Methodist Ladies Gave Annual Chicken Pie Supper Thursday—Other News Notes.

Winchester, Nov. 13.—Miss Julia Hains further left Wednesday for Cleveland, Ohio, to visit relatives. Her parents accompanied her as far as St. Louis.

Charles Priest of Jacksonville was a business visitor here yesterday.

A number of relatives gathered at the home of Mr. and Mrs. Joe Patrick Wednesday evening and completely surprised Mr. Patrick, the occasion being his birthday. Mr. Patrick was the recipient of a number of useful presents and after a social evening delicious refreshments were served.

Quite a number of relatives and friends went to the country home of Mr. and Mrs. Wilson Coultas Wednesday evening and gave them a charivari. They were cordially welcomed and enjoyed a social time.

The annual chicken pie supper given by the ladies of the Methodist church Thursday evening was a success in every way. There was a large attendance and the ladies served a splendid menu consisting of chicken pie, mashed potatoes, salad, jelly, ice cream, cake and coffee.

Mr. and Mrs. Charles Reynolds of Oakland, Cal., are visiting relatives here.

Mr. and Mrs. E. J. Beird of Bluffs are guests at the home of Mr. and Mrs. P. R. Nelson.

Fred Neat, little son of Mr. and Mrs. Fred Neat, is quite ill at the home of his parents.

A dance was given by the young people at Balsey's Hall Thursday evening. Miss Cordelia Jones of Alton furnished the music.

Mrs. Moses Mallory of Jacksonville was a visitor here this week.

The Baptist church Sunday school is having a November rally and much interest is being shown. The attendance each Sunday is large and the young people of the school are making an earnest effort to bring the organization to a high standard.

Soi Sturtevant and his corps of workers moved the cottage north of Dr. Bringle's office to the lot recently purchased by J. A. McKean, who expects to make it into a garage. It is one of the oldest houses in Winchester and was built in 1831.

ILLINOIS PLAYS LAST HOME GAME TODAY

Monmouth Will be Opponent in Homecoming Game—Field Dry and Fast.

Weather conditions give promise of perfect football weather for Illinois' last home game today. Monmouth will be Illinois' opponent and the game will be the homecoming event. Indications point to a large crowd.

Coach Harmon said last night that the field was in perfect condition, dry and fast and that the squad was in excellent shape and going good. While Coach Harmon expects Illinois to win, he would not make any predictions as to the possible score. He said all he wanted was a victory and it did not make any difference whether it was 3 to 0 or 60 to 0.

The officials announced for the game are, Omer, University of Illinois, referee; Larson, Moline, umpire; Hufford, Hanover, head linesman.

Monmouth will arrive over the Burlington and the players will be met at the station with automobiles and taken direct to the college in order that the game can begin promptly at 3 o'clock, the hour announced.

Harry Fernandes of North Prairie street, who has been a patient at Passavant Hospital since last Saturday when he was operated on for an acute case of appendicitis, was reported to be somewhat improved Thursday.

VISIT CITY THURSDAY.

Mr. and Mrs. J. H. Reid from north of the city and Mrs. Reid's sister, Mrs. James Gunn of Wyoming were visitors in the city yesterday.

OPENS OFFICE HERE William Carey of Winchester is opening offices in the Unity building of this city.

In March we placed our order for fall and winter suits and overcoats.

Wholesale prices advanced ten dollars and more per garment. But this advance did not apply to our order. The increase became effective at once on all orders placed then and thereafter.

Our stocks of suits and overcoats were brought at the old prices. Manufacturers now charge more for the same garments and they are worth more. When our present stocks are exhausted, we shall have to pay more. They cannot be replaced at the old prices.

We believe that clothing should be sold on a basis of cost regardless of subsequent developments. The price we charge is determined by the price we pay, no matter how much higher the prevailing market value may be.

We won't charge more unless we have to pay more, and we won't pay more if we can help it. But no matter what we pay or when, our selling price will represent nothing more than a legitimate profit upon the actual cost.

MRS. L. HIXSON GAINS 36 POUNDS

Had Been So Run Down She Could Hardly Stand on Her Feet.

"I weighed only seventy-nine pounds when I began taking Tanlac but now I weigh one hundred and fifteen and am feeling better than I have in seven years," was the unusual statement made by Mrs. Lucile Hixson, living at 2032 Broadway, Kansas City, Mo., a few days ago.

"Before I began taking Tanlac," continued Mrs. Hixson, "I had become so weak from seven years of suffering that at times I wasn't able to stand on my feet. What I ate nearly always disagreed with me and caused awful pains in my stomach and made gas form so bad that I could hardly get my breath. I was badly constipated and had a pain across the small of my back and my nerves were upset. I was troubled with dull headaches just about all the time and often I had fainting, dizzy spells and I was never able to walk any distance before I felt exhausted."

"My uncle recommended Tanlac to me and now since it has entirely overcome my troubles I will never get through praising it. I am not troubled with indigestion or gas at all and I am eating anything and everything I want and digesting it perfectly. Headaches and dizzy spells have all left me and my constipated condition has been relieved. My nerves are in fine condition and the pain across the small of my back has disappeared altogether. I have gained thirty-six pounds in weight, can do my housework by myself and I am stronger than I have been in years. Tanlac has certainly been the greatest blessing of my life and I will never be able to praise it enough for what it has done for me."

Tanlac is sold in Jacksonville by Coover & Shreve, in Meredosia by Mr. R. B. Fields, in Murrayville by M. E. Gilbert, in Waverly by Wyle Drug Co., in Woodstock by The Hoy Pharmacy, in Chapin by Jno. Onken & Bro., and in Alexander by Frank J. Kaiser.—Adv.

BELCHING

Caused by

Acid-Stomach

Let EATONIC, the wonderful modern stomach remedy, give you quick relief from disgusting belching, food repeating, indigestion, bloated, greasy stomach, dyspepsia, heartburn and other stomach miseries. They are all caused by Acid-Stomach from which about nine people out of ten suffer in one way or another. One writes as follows: "Before I used EATONIC, I could not eat a bite without belching it right up, sour and bitter. I have not had a bit of trouble since the first tablet."

Millions are victims of Acid-Stomach without knowing it. They are weak and ailing, have poor digestion, bodies improperly nourished although they may eat heartily. Grave disorders are likely to follow if an acid-stomach is neglected. Cirrhosis of the liver, intestinal congestion, gastritis, catarrh of the stomach—these are only a few of the many ailments often caused by Acid-Stomach.

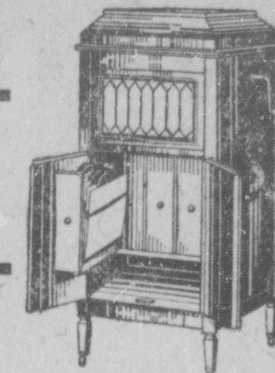

A sufferer from Catarrh of the Stomach of 11 years' standing writes: "I had catarrh of the stomach for 11 long years and I never found anything to do me any good—just temporary relief—until I used EATONIC. It is a wonderful remedy and I do not want to be without it."

If you are not feeling quite right—lack energy and enthusiasm and don't know just where to locate the trouble—try EATONIC and see how much better you will feel in every way.

At all drug stores—a big box for 50c and your money back if you are not satisfied.

Everybody Likes to Knit With

Knitting and crocheting, those time-honored and most useful of feminine accomplishments, were never so popular as now. Women are cutting the high cost of "giving" by knitting and crocheting their Christmas gifts this year.

All the family needs in sweaters, mufflers, gloves, socks, can be knit and crocheted most economically and with most beautiful results with Caron's.

Particular women prefer Caron's Yarns because of their extreme softness, pliancy and pleasing "feel." Due to the Caron method of spinning and the use of long-fibre Illinois-grown wool, Caron's Yarns "knit up" beautifully, respond to the needles and never chafe the knitter's hands. Best of all, you get most yardage guaranteed for your money in Caron's.

- For the 2nd best . . . \$75 Gold
- For the 3rd best . . . \$50 Gold
- For the 4th best . . . \$25 Gold
- For the ten next best articles . . . \$10 Gold
- Ten \$5 Gold Prizes
- Twenty-five \$2 Prizes
- Fifty \$1 Prizes

Send as many articles as you like, plainly marked with your name and address, to Manager, Prize Contest, Caron Spinning Co., Rochelle, Ill. All articles will be returned prepaid.

Here is a unique opportunity to combine pleasure and profit—knit most acceptable Christmas Gifts—and secure valuable Christmas spending money—at one and the same time.

Knit your prize articles with any yarn, but for prize results you will wisely select Caron's—the yarn of quality. Stunning new colors in Knitting Worsted, Shetland Floss, Extra Heavy Germantown, Spangish Worsted and Lustre Worsted—balls or skeins. Always most yardage guaranteed and plainly marked. "Mince Pies for Thanksgiving"

M-m-m-yum! You can almost taste them now. Light, flaky crusts that melt in your mouth. What an opportunity for good cooking! Take no chances—use Valier's Enterprise Flour. With it you can be sure of your Thanksgiving baking. Selected hard wheat, rich in gluten, is the only grain used in

Valier's Enterprise Flour.

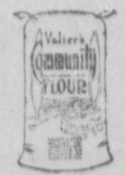

This year such grain is scarce, and an unusually high premium has to be paid to secure it. We have cheerfully paid this premium that you might continue to enjoy the same super-baking qualities which have always been a distinguishing mark of Valier's Enterprise Flour.

Valier's Enterprise Flour is an all-purpose flour. Its superiority over ordinary brands is marked. Call up your grocer—get a sack today.

Mince pies are best when made in advance, put in a cool place, and then heated as needed.

"Community"

is Valier's high grade popular priced flour. It has made hosts of friends.

The scientific principle of the "Hero" is that the warm air rises with perfect radiation to all parts of the house, making every room warm and comfortable. The cold air is forced, by law of gravitation to fall and is drawn back to the furnace by the suction which is created with the rise of heated air. This suction draws all of the air in your home down through the furnace several times per hour; passing through the vapor, it arises clean, moist and warm through the center of register to the far corners of the home.

When the Child is Sick

Who has not felt the pull at the heart-string when the little one's cries of distress and pain rent the home? We do what we can to bring relief. Often there is much guess work—and treatment is given for temporary comfort.

But to bring permanent relief we should go back to the cause and strike at the cause and invariably it is found in the spine. Thousands of children needlessly suffer from spinal defects which press on the nerves that supply life energy to every part of the body. It is this pressure that is the cause of many of the ailments of childhood and in later years.

Parents who exercise forethought in preparing their child for an abundant, healthy future, will have the young and wing spines examined regularly by a competent Chiropractor. If any spinal defect is found, don't hope for the child to grow out of it, because it invariably becomes worse; but have defect corrected in time and save much future trouble. Chiropractic is efficient in children's cases. Many weak, puny, underdeveloped children have been brought back to health through the aid of Chiropractic (ki-ro-prak-tic) spinal adjustments. Investigate Chiropractic and you'll immediately recognize its merits.

WHAT ARE SECONDS?

"Seconds" is a term used to denote tires that for one of the reasons mentioned below do not carry the manufacturer's regular mileage guarantee.

- (1) Over production in certain sizes.
- (2) Change of tread.
- (3) Change of Color.
- (4) Slight surface blemishes.

The fact that a tire is stamped "second" does not mean that it will not give its original guaranteed mileage. The tires sold as seconds can safely be sold with the manufacturer's original guarantee.

STOCKS REBOUND FROM LOW LEVELS

NEW YORK, Nov. 13.—When call money rates broke to six percent in the final hour of trading today the stock market rebounded from its low level and closed at appreciable advances throughout the list. Trading was heavy before the closing and many stocks, notably motors, oils, steels, equipments, affiliated industrials and a score of miscellaneous specialties, showed gains for the day of from 5 to 20 points. Sales approximated 2,200,000 shares.

Rates for call loans held at 16 percent until about 2 o'clock. Then they broke to 12 and rapidly went to six, the current rate. This was believed to mark the passing of the stringent money period.

Leaders in the spirited rally which followed were the issues which broke most severely yesterday and the day before. Factors which contributed to the lower rates were the lending of money by brokers who offered their surplus funds and announcement from Washington that the federal reserve board had taken no action on credit conditions here.

One of the leaders of the spirited rally was General Motors which opened at a 15 point rise only to lose its advantage and finally advanced by leaps and bounds to 325, an extreme recovery of 45 points. Mexican Petroleum in which support seemed almost altogether lacking yesterday rose more than 30 points.

Trading in bonds was confusing. Recessions in industrial bonds balanced by the strength of rails. Liberty issues made up part of their early heaviness. Total sales (par value) aggregated \$17,850,000.

Old U. S. Bonds are unchanged on call.

RED CROSS REPORTS

STILL COMING IN

Reports Received at Headquarters Indicate That Work in County Is Just Getting Well Under Way—Other Business Places Added to 100 Per Cent List.

The Red Cross headquarters reports several additional memberships received yesterday and from reports received it would seem that the work in the county on the membership campaign is just getting well underway.

Mrs. James Galloway of Meredosia, reported yesterday that forty four members had renewed there and that the campaign was being started with the expectation of reaching Meredosia's quota.

Considerable relief work has been done in that section of the county by the Home Service Department of the Red Cross since the end of the war, and there will likely be a prompt response to the Roll Call in that community.

At Woodson Mrs. Chester Colton and Mrs. C. C. Self have the situation well in hand and report four of the eight precincts had at work and the other four were to start the campaign yesterday.

Illinois College has added eleven more members making their total 151. Mrs. J. W. Clary has added 14 more members bringing the Second Ward up to 514. Clarence Thompson has sent in 8 additional members and John Bridgeman has sent in 12 more members for Precinct No. 6. Scott Greene reports that the work is being pushed forward in Precinct No. 1 and E. E. Hembrugh is looking after the renewal of members in Precinct No. 12. It would be well for members in these different communities to leave their memberships with those men rather than to wait to be solicited. This will help close the campaign at an earlier date.

Several more members have come in from the business section and it looks as tho there will be fully \$800 credited to this district before the campaign ends. The employees at the post office are endeavoring to make their place 100 per cent and this will add thirty or more members to the roll.

Among the places reaching 100 per cent not already reported are Andre & Andre, Phelps Dry Goods Co., and Scott's Theatre.

MANY TOURISTS VISIT LOS ANGELES

Mrs. Mary E. Peak of 742 South Lake street, Los Angeles, in writing to Jacksonville friends tells how much pleased she is with her home in California. She has found it indeed to be a land of flowers and sunshine. In telling of the crowded condition of hotels and the high rents now asked for houses, Mrs. Peak refers to the following clipping from the Los Angeles Herald, showing how enormous is the number of tourists that Los Angeles annually entertains.

"Nearly 200,000 tourists will have arrived in Los Angeles from the east before March 1, next, according to an estimate announced today by Thomas C. Peck, general passenger agent of the Salt Lake railway. Of this total, Peck said, this month will yield 35,000 or more; December, 45,000; January, 60,000 and February, 50,000."

"The tourist rush this year, Peck said, is unprecedented. The full equipment of the three transcontinental railroads will be taxed to the limit to carry it, he asserted."

"Plans for housing the great mass of tourists have been under way for months. Los Angeles city is building houses at a tremendous rate. Pasadena has asked the war department at Washington for the use of 500 to 1000 army tents to be used for housing many thousands of persons of moderate means who will be among those coming to the Southland this winter."

A PATRIOTIC FAMILY.

Dr. J. W. Hardesty of Hanibal, Mo., is in the city for a brief visit with his brother, Dr. T. O. Hardesty. The visitor who had the rank of captain while in the army service, returned only a short time since from overseas. He volunteered just as soon as America entered the war and was called into the service shortly afterward. He was in the army for something more than two years and three months. The Hardesty family has an unusual record in that three brothers, all with the rank of captain, were in the service. Another brother served as a lieutenant.
